- Glass Skin is the new beauty standard that all estheticians are striving to master. Imagine radiant, flawless, and translucent skin that seems to reflect light from the inside out.
- This treatment has become a favorite among clients around the world, and now you have the chance to become an expert in offering it!
- Don't miss this unique opportunity to stand out in the world of aesthetics and meet your clients' demands with the most sought-after treatment of the moment

BENEFITS:

RADIANT AND LUMINOUS SKIN:

- The Glass Skin treatment will leave your clients' skin with a radiant glow and unique luminosity. Thanks to skin preparation techniques and the application of special serums, you will achieve an instantly fresh and rejuvenated appearance.

IMPROVED TEXTURE:

- Through the use of techniques like diamond tip and dermaplaning, the Glass Skin treatment helps to improve skin texture, smoothing fine lines, minimizing pores, and removing dead cells, resulting in skin that is soft and silky to the touch.

DEEP HYDRATION:

- The infusion of serums during the treatment provides deep and lasting hydration, leaving the skin completely revitalized and nourished from within. This is key to achieving the desired glass skin effect.

CUSTOMIZED TREATMENT:

- By combining different techniques and products, you can tailor the Glass Skin treatment to the individual needs of each client, offering a personalized experience and optimal results.

SAFE AND PAIN-FREE:

- The Glass Skin treatment is safe for all skin types and has no age or seasonal restrictions. Additionally, as it does not require needles or invasive procedures, it is completely pain-free, making it ideal for those seeking results without discomfort.

HIGH PROFITABILITY:

- Profitability: Get ready to increase your earnings! Because the Glass Skin treatment protocol requires few products and does not use needles or costly consumables, it is highly profitable to offer in the treatment room.
